

Norton™ 360 Deluxe

Powerful protection for your devices and online privacy – in a single solution.

Opt-in to Cyber Safety™

Real-time Threat Protection

Advanced security with antivirus helps protect against existing and emerging online threats to your device, and helps protect your private and financial information when you go online.

Secure VPN

Browse anonymously and more securely with a no log Virtual Private Network (VPN), adds bank-grade encryption to help ensure the information you send and receive is secure and private.

Dark Web Monitoring[§]

We monitor and notify you if we find your personal information on the Dark Web.

More Features

Password Manager¹

Tools to easily generate, store, and manage your passwords, credit card information and other credentials online – more securely.

SafeCam for PC²

Alerts you to attempts to access your webcam and helps you block unauthorized access to it.

25 GB PC Cloud Backup^{2,3}

Store important files and documents as a preventive measure against data loss due to hard drive failures, stolen devices and even ransomware.

Parental Control[‡]

Manage your children's activities online. Help them explore, learn, and enjoy their connected world more safely on their PCs or smartphones.

Smart Firewall for PC or Firewall for Mac

Monitors communications between your computer and other computers and helps block unauthorized traffic.

How To Install

1. Visit <https://www.norton.com/setup> on a web browser.
2. Create an account, and if you don't have one it's easy, just use your email address.
3. Enter the 25-digit product key.
4. Click Next and follow the on-screen instructions.

System Requirements

- Norton[™] 360 Deluxe covers up to 3 devices.
- Norton[™] 360 Deluxe supports Windows[™] PC, Mac[®], Android[™] and iOS devices. Not all features are available on all devices or platforms. For detailed system requirements information: [Norton.com/ns_sysreq](https://www.norton.com/ns_sysreq).
- Parental Control, Cloud Backup, and SafeCam are presently not supported on Mac OS or Windows in S mode.

No one can prevent all cybercrime or identity theft.

¹ Norton Password Manager is not exclusive to Norton 360 functionality but is independently available for free online.

² Cloud Backup and SafeCam features are only available on Windows (excluding Windows in S mode, Windows running on ARM processor).

³ Requires your device to have an Internet/data plan and be turned on.

[‡] Parental Control features are not supported on Mac or Windows in S mode.

[§] Dark Web Monitoring is not available in all countries. Monitored information varies based on country of residence. It defaults to monitor your email address and begins immediately. Sign in to your account to enter more information for monitoring.
