

Norton™ Identity Advisor Plus

**Stealing your identity can be easy.
Good thing calling us is, too.**

We Inform

With monthly access to your Credit Report & Score¹, you can track your credit score, and monitor any changes to it.

We Monitor

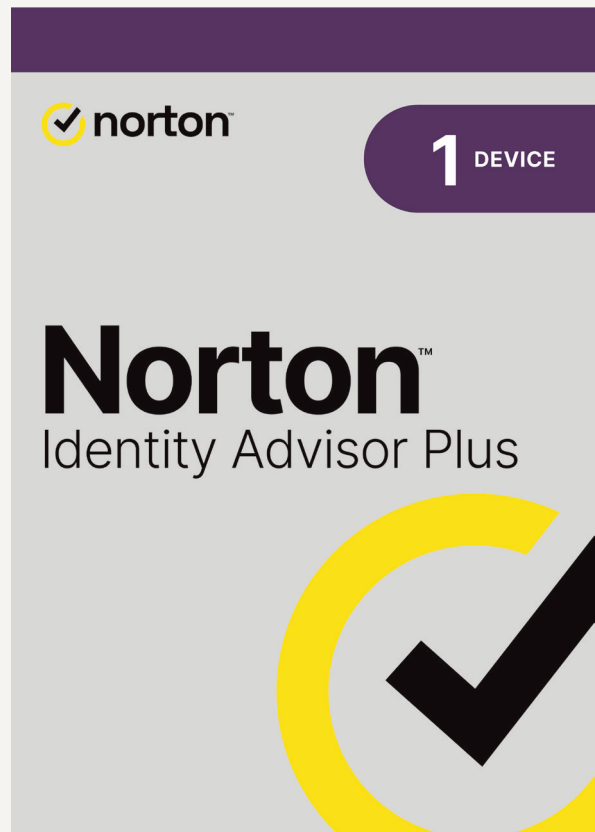

We monitor the dark web[§] and your accounts on popular social media sites^{2,3} to help identify risks to your personal information.

We Notify & Alert

We notify you if your personal information is found on the dark web or if we think your social media accounts may be compromised, and you get alerted if there are any major changes to your credit report¹.

We Restore

If you become a victim of identity theft, a dedicated Identity Restoration Specialist is on-hand to help you restore your identity theft issues.

Features

Credit Alerts¹

Get alerted when there are any major changes to your credit report, such as a closed account, missed payment or use of more of your available credit lines.

Credit Report & Score¹

With monthly access to your Credit Report & Score, you can take the necessary steps to safeguard your financial reputation if you spot inaccuracies that may indicate fraudulent activity.

Dark Web Monitoring[§]

We monitor and notify you if we find your personal information on the Dark Web.

Identity Restoration Support

Should you discover you are a victim of identity theft, Identity Restoration Specialists are on-hand to advise you on the steps you should take and calls to make with relevant parties.

Social Media Monitoring

Helps keep your social media accounts safer by monitoring them for account takeovers, risky activity and inappropriate content.

Stolen Wallet Assist

A stolen wallet could mean a stolen identity. If your wallet is stolen you can call us and our agents will guide you to cancel or replace credit cards, bank cards, driver's licence and other cards.

System Requirements

Norton Identity Advisor Plus is available only in the United Kingdom, Australia, New Zealand, Germany, and France.

To successfully install and use Norton Identity Advisor Plus, your device must meet the following minimum requirements:

Browser support on Windows PC, Mac, and Mobile

- Microsoft Edge (version 17 or later)
- Mozilla Firefox (version 51 or later)
- Google Chrome (version 49 or later)
- Opera (version 36 or later)
- Safari (version 11 or later)

App Support

- iOS 13.0 and above
- Android 8 and above

¹ Norton Credit Portal features can be accessed following successful registration and verification. Available to those over 18, who are residents of UK, IOM & Channel Islands. Full Terms and conditions apply.

² Does not include monitoring of chats or direct messages. May not identify cyberbullying, explicit or illegal content or hate speech.

³ Social Media Monitoring is not available on all social media platforms and the features differ between platforms, for details go to: norton.com/smm.

⁴ Requires your device to have an Internet/data plan and be turned on.

⁵ Cloud Backup and SafeCam features are only available on Windows (excluding Windows in S mode, Windows running on ARM processor).

[‡] Parental Control features are not supported on Mac or Windows in S mode.

[§] Dark Web Monitoring is not available in all countries. Monitored information varies based on country of residence or choice of plan. It defaults to monitor your email address and begins immediately. Sign in to your account to enter more information for monitoring.
