Why GoTo Webinar?

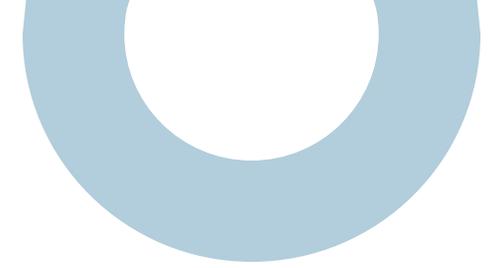

GoTo Webinar is a simple all-in-one platform for webinars and virtual events, designed to make creating, hosting and managing digital experiences easy.

- ✓ **All-in-one platform:** With everything in one place, webinars can run smoothly from start to finish. Save time, stay organized, and deliver great events without the hassle of multiple tools or tech issues.
- ✓ **Trusted, Secure and Reliable:** Host webinars with confidence, knowing attendees' data is secure and the session is protected from disruptions. Deliver a professional experience you and your attendees can trust.
- ✓ **Super- Simple set up & easy to manage:** Launch your webinar in minutes with easy-to-use tools that simplify planning and management. Skip the need for IT help and instead focus your time on delivering a great experience for your audience.
- ✓ **Scale easily & access webinars from anywhere:** Scale your events easily and reach your audience wherever they are. GoTo Webinar makes it simple to manage and deliver great experiences, no matter the size or location.
- ✓ **Powerful Insights at your fingertips:** Gain valuable insights into your audience's behaviour and webinar performance to make smarter, data-driven decisions. Increase engagement, generate more leads, and maximize the return on your webinar investment with informed strategies.
